Call for postdoctoral researchers at the ICAC: now open!

We are pleased to announce that the **call for two training contracts of postdoctoral researchers** (code 017.69), **is now open**.

On June 8, 2020, the call is been published in the Official Gazette of the Generalitat de Catalunya (DOGC). So, the **deadline for applications goes from June 9, 2020, to June 30, 2020** (June 24, 2020, is a holiday in Catalonia).

There is updated information on the webpage and all documentation to prepare the application is available.

The call is for **two 2-years postdoctoral training contracts** (I7) at the ICAC. Main goals of the call are:

 Boosting young doctors research careers.

 Strengthening ICAC research teams.

 Fostering inter-institutional synergies between ICAC and other national and international research institutions.

You can read here the **Summary of the call**

The research activity will be coordinated by an ICAC researcher (level R3 or R4) who will sign the project. The research proposal must be responded to the research lines or programmes carried out by the ICAC research teams.

Check out here the full Call documentation and related information:

Contingut extret de la web de l'ICAC (www.icac.cat)

The **application deadline** will be 15 working days from the day following the publication of the announcement of this call in the DOGC, Official Gazette of the Generalitat de Catalunya (dates to be confirmed).
